Hospiq

Fictional lab-report attachment

DEMONSTRATION DATA ONLY

This report exists solely to test the Hospiq medical-record workflow.

It does not describe a real person, investigation, diagnosis, or treatment.

Patient: Fictional demonstration patient

Facility: Hospiq demo dataset

Report type: Sample lab attachment

Clinical results: Intentionally omitted

Use this file to test:

- Encrypted storage and authenticated download
- Visibility to the treating doctor
- Patient-approved access for another doctor
- Expiry and revocation of temporary permissions

Do not use this report for clinical decisions.
